Topdressing Football Fields with DAKOTA 90/10

We had a low spot on the 10 thru 15 yard line. We filled in the Low Spot with DAKOTA 90/10 & topdressed the DAKOTA 90/10 on the rest of the field.

Since it was the practice field we had to use it right away & the coach thought having the sand down would be a problem. But within 2 to 3 weeks the low spot had filled in with grass even though they were practicing on it.

The coach said the Practice Football Fields are the best they have ever been.

We will be sure to be using DAKOTA 90/10 topdressing for our fields from now on.

Sincerely,

Mike Hess, Head of Grounds
University Of Louisiana Lafayette
